# About Us

- Clean Management was founded in 1992
- Full service environmental management and industrial services company
- The oldest environmental company in SC that hasn't had a name change or filed bankruptcy
- We own a well-buffered 250 acre site in the Colleton County industrial park, in Walterboro, SC
- Strategically located between the ports of Charleston and Savannah on the I-95 corridor
- We offer \$5,000,000 in liability coverage (industry standard is only \$1,000,000)
- In our 25 year history, we have never had one customer who had to spend one dollar as part of a PRP
